1. Application

- 1.1 The application (booth reservation) for the E BIKE DAYS Munich powered by Burgenland is to be submitted using the appropriate registration form. All parts must be filled out and be sent with legally binding effect. The registration form is seen as contract offer on exhibitor-side and requires approval by the organizer. Thus, sending the registration form does not entitle the exhibitor to admission.

The official registration deadline is 6th March 2026. Please keep in mind that the exhibition area might already be fully booked before this date. In some cases, late registrations might still be taken into consideration.

- 1.2 By submitting the registration form, the exhibitor agrees with these general terms and conditions, the regulations released by Olympiapark, the regulations for outdoor area and further terms of use (see attachment) issued by the Olympiapark. The rules likewise apply to staff employed by the exhibitor during the fair.
- 1.3 The exhibitor commits himself to respect labor and trade law, environmental protection law, fire protection regulations, accident prevention regulations, and competition law.
- 1.4 By registering for E BIKE DAYS powered by Burgenland, the exhibitor gives the organizer consent to store, analyze for processing purposes related to the event and give on their data to third parties, insofar as this is necessary for the organization of the event itself.
- 1.5 The data provided during the registration is stored by the organizer in compliance with the framework of the Data Protection Act, and used insofar as this is necessary for the organization of the event and proper commercial processing.

2. Admission

- 2.1 E BIKE DAYS Munich powered by Burgenland is a specialized fair with main focus on e-bikes. Exhibitors can be domestic or foreign companies, associations, clubs and other institutions whose products or business areas are related to e-bikes, e-mobility and cycling in general.
- 2.2 The organizer has final decision on admission of the applicant and products exhibited. Thus, if products and services reveal themselves as unacceptable and unappropriated for the fair, the exhibitor is going to be informed promptly, at the latest within 8 weeks of receipt of the registration.

With the confirmation of registration, the exhibitor shall be deemed to have been admitted and shall be registered as such for the fair, and the contract shall be effective. All clauses and conditions stated in the registration form, just come into force as the application is approved by the organizer.

- 2.3 The organizer is entitled to withdraw from the contract and exclude exhibitors from the event, if the exhibition area turns out to be insufficient, and, if in order to fulfill the fair's function, a restriction to certain exhibitor and seller

groups is required. Further, the organizer is entitled to limit registered exhibited products and to undertake changes to the exhibition area. Admission to the fair is limited to registered exhibitors, products stated in the registration form, and exhibition space assigned. Unannounced and unregistered items cannot be exhibited.

- 2.4 The exhibitor must have full power of disposition over the products registered and exhibited. It is his responsibility to have all operating licenses. If required by the organizer, the exhibitor must submit descriptions and booklets of the products exhibited.

3. Participation fees

- 3.1 The participation fees at E BIKE DAYS Munich 2026 powered by Burgenland are:

Early Bird Rate (until 2025 September 22 th):	85,00 €/m ² + V.A.T.
Standard Rate (until 2026 January 19 th):	95,00 €/m ² + V.A.T.
Last Minute Rate (from 2026 January 20 th):	105,00 €/m ² + V.A.T.

The following services are included in the exhibition rates:

- Waste disposal
- General surveillance of the area (EXPO AREA)
- Guidance and assistance with technical conditions and requirements on site to be observed when setting up and dismantling the stand
- Guidance and assistance on setting up and dismantling the booth
- Design and PR related actions for the fair
- Visitors marketing and advertising for the fair + potential event-related press conferences
- Potential presentation and exhibitor evenings, if organized by the organizer
- Exhibitor passes
- Regular cleaning of the general area
- Paramedics and health care professionals on site

Additional services and their costs can be requested to the organizer. Impairments of the booth, such as trees, lamp post, flags etc., are not going to be taken into consideration for a stand price reduction.

3.2 Additional costs

Electricity connections and an individual stand guard can be booked at the time of registration. The following additional costs apply:

- 230 V connection: 160 €
- 16 A connection: 350 €
- 32 A connection: on request
- Individual stand guard (19:00 to 09:00): 650 €/night; 1950 € in total

4. Terms of payment

The invoice is issued, by the organizer, within four months from the admission date, and at the latest one month before the event. The deadlines stated in the invoice must be observed. The invoice must be paid in advance, in order to obtain access to the exhibition area, be involved in the marketing and communication campaign (print and online) and receive the exhibitor passes. The amounts invoiced in all invoices, in connection with the fair, are to be transferred in EUR, without deductions and free of charges to the account specified in the invoice, indicating the customer number.

5. Place assignment

- 5.1 Exhibition booths are placed and arranged according to the main theme and structure of the fair, and according to the area available. Special wishes regarding booth position, which are stated in the application form, can be fulfilled if the space availability is given. The principle of first come, first served may be applied; however, it is not the main and only decisive factor.
- 5.2 If necessary, the organizer is authorized to change the size, form and position of the assigned place and booth. The exhibitor is going to be informed about any changes, whereupon, if possible, an equivalent area is going to be assigned. If the renting fees are changing, a refund or subsequent bill is issued. In this case, the exhibitor has likewise the right to withdraw his registration within one week of receipt of the notification, if their prior booth design and plan is not suitable to the new booth or area. Neither the organizer nor the exhibitor can claim damage for above reasons. The exhibitor must accept that at the start of the fair or exhibition the position of the remaining spaces may have changed compared to the time of admission. Thus, claims cannot be made based on the change in availability.

- 5.3 Booth exchanges between exhibitors or cession of part or all of the space to a third party are not allowed without prior authorization of the organizer.

6. Co-exhibitors and subsidiaries

- 6.1 If more exhibitors are renting out together one area, they must name a joint exhibition representative authorized by them in the registration form. The person named is the only one, with whom the organizer should communicate and negotiate.
- 6.2 If more exhibitors are renting out together one booth, all of them are considered joint debtors.
- 6.3 One or more subsidiaries are only allowed in exceptional cases. Any potential subsidiaries must be communicated and authorized by the organizer. For sublease, a flat rate of 350,00 € is charged.
- 6.4 Subsidiaries are all firms which, aside from the main applicant, exhibit or represent the rented booth. Subsidiaries are likewise those, who have a strong economic or organizational relationship with the main applicant.
- 6.5 The exhibitor is not allowed to rent or partly sublet the assigned booth, or to give to, exchange, or accept for someone else the booth or exhibition area, if not approved by the organizer.

7. Cancellation and withdrawal of contract; Elimination of objects

- 7.1 A possible withdrawal must be submitted to the organizer in written form. The exhibitor withdrawing is incurring the following compulsory costs:
- | | |
|---|-----------------------------|
| • Withdrawal until January 20 th , 2026: | 30 % of the invoice amount |
| • Withdrawal until March 6 th , 2026: | 75 % of the invoice amount |
| • Withdrawal from March 7 th , 2026: | 100 % of the invoice amount |
- 7.2 The organizer reserves the right of withdrawal of exhibitor admission and otherwise allocate the rented place, if
- The booth is not visibly set-up and the exhibitor is not present up to two hours before the end of the set set-up time,
 - The exhibition rates are not paid within the stipulated dates, the exhibitor fails to meet a grace period set by the organizer,
 - The exhibitor does not fulfill the admission requirement anymore, or new requirements have been published by the organizer and cannot be fulfilled by the exhibitor, or if the organizer subsequently becomes aware of reasons which, if known in good time, would have justified non-admission,
 - The exhibitor violates house regulations of Olympiapark GmbH or of the organizer.
- 7.3 The organizer can force the exhibitor to remove and eliminate objects and items, which were not listed in the registration form, or which could cause harassment, danger or infeasibility. If the exhibitor is not removing the object, the organizer is proceeding with the removal at exhibitor expenses.

8. Major force

- 8.1 If major force obliges the organizer to cancel the event, he reserves the right of withdrawal from the contract. The exhibitors are going to be informed, and already paid booth rent and fees are refunded.
- 8.2 If, due to major forces, the organizer is obligated to shorten or cancel an event that has already begun, the exhibitor is not entitled to a refund or waiver of the participation fee. If the possibility to organize the event at a later point in time is given, the exhibitors are going to be informed.

9. Liability and Insurance

- 9.1 The organizer is only liable for damages or compensation for futile expenses in the event of grossly negligent or willful breach of contractual or non-contractual obligations, or in the event of negligent or willful injury to life, body or health, violation of contract duties or any other intentional or grossly negligent compelling liability, caused by him or its legal representatives or agents. In any other case, the organizer is not liable towards the exhibitor.
- 9.2 Damage compensation is limited to the foreseeable damage typical for this type of contract, unless intent or gross negligence is involved or there is liability for injury to life, body or health.
- 9.3 The exhibitor is liable for damages, caused to people and properties by him, his legal representatives and agents, his employees or his exhibited objects and furniture. His liability is extended to damages to the EXPO AREA, caused by

his agents and third parties. The exhibitor cannot invoke a careful choice of his agents, or a lack of responsibility of third parties.

- 9.4 The exhibitor is liable for any damage caused to third parties by any of his activities and actions during the event. If third parties are claiming damages to the organizer, which, however, have been caused by the exhibitor, it is the exhibitor's duty to take responsibility and title for the damages caused and damage compensation.
- 9.5 The exhibitor is obliged to ensure coverage for damages at his own expense by insurance, in particular business liability insurance.

10. Booth Setup, Design and Equipment

- 10.1 Each exhibitor is responsible for: the construction, setup, running of his booth; observance of public law regulations; and observance of technical guidelines, as well as conditions of participation of E BIKE DAYS Munich powered by Burgenland. Building components, booth signs and flags should not affect or interfere in any way with the neighboring booth. Confusing and misleading company signs must be removed, if required by the organizer. Escape routes must be kept free.
- 10.2 It is the exhibitor's responsibility to build and design the booth in such way that it respects all contract conditions. The booth should meet the character of the respective fair, in order to preserve the visual identity of the event. The organizer is entitled to demand plans and descriptions of the booth.
- 10.3 If setup and design provisions are not met or the setup is not approved by the organizer, he is entitled to demand changes or removal of certain elements. If the exhibitor does not comply with the request, the removal or modification may be carried out by the organizer at the expense of the exhibitor. If the booth must be closed for the same reason, there is no entitlement to reimbursement of the participation fee.
- 10.4 Any company commissioned with the design and setup of the exhibitor's booth must be communicated to the organizer. Each exhibitor must provide the contact information, respectively name and phone number, of one responsible person, present during setup, dismantling and opening hours of the event, who the organizer could contact, and shall guarantee that they can be contacted in person or by telephone during these periods.
- 10.5 The booth labeling needs to clearly state the name and the address, or head quarter, of the exhibitor.
- 10.6 Any exceeding of the booth's maximum construction height requires prior authorization of the organizer. Approval is likewise needed for heavy exhibition items used as grounding or as special equipment.
- 10.7 The booth must be properly equipped and supervised by qualified personnel for the entire duration of the fair. It is prohibited to dismantle or close the booth before the fair closes.
- 10.8 During dismantling, all exhibition areas must be cleaned up and rearranged in their original conditions. After dismantling, each booth is going to be checked by the organizer or his representative and, if satisfactory, the exhibitor is allowed to leave the fair. The organizer is entitled to revoke at any time. If any reconditioning work has not been done, the organizer reserves the right to complete the work left at exhibitor expenses.
- 10.9 Exhibition goods, which are still at the booth at the end of the fair, can be taken away and brought in storage at exhibitor expenses.
- 10.10 Technical services, such as provision of installations of electricity and water, can only be provided if stated in the registration form, or if ordered at the latest two months before the fair. The costs of these are communicated to the exhibitor. The arrangement of technical services underlies the authorization of the organizer. The approval can also happen tacitly by providing the ordered service.

11. Dates of setup and dismantling

- 11.1 The setup of all booths takes place Wednesday, 22 April 2026 and Thursday, 23 April 2026 from 09.00am to 07.00pm as well as Friday, 26 April 2026 from 08:00am to 11:00am. The organizer coordinates the setup and provides the exhibitors with all necessary information regarding the process in advance (e.g. access pass, booth position, contact person, etc.). The setup needs to be completed within the established deadline at the latest. On the respective day of the event, the exhibition areas must be ready one hour before the opening of the event area (Friday by 11:00 a.m., Saturday and Sunday by 09:00 a.m.). From this time on, no vehicles may be allowed in the Olympic Park.

- 11.2 On Sunday, 26 April 2026, after approval of the EXPO manager (shortly after the exhibition end), exhibitors can start dismantling their booths. Vehicles are allowed again on the Olympiapark after approval by the EXPO manager, usually one hour after the event ends. Dismantling of the stands must be completed by 12.00pm (noon) on Monday, 27 April 2026.

12. Advertisement

- 12.1 Advertisement of all kinds is only allowed within the own exhibitor's booth area, and only for the own company and for the products it manufactures or distributes, insofar as these have been registered and approved. Further advertising spaces are to be agreed with the organizer.
- 12.2 Advertising using loudspeakers, slides, film or video requires written approval of the organizer. The same rule applies for the usage of other advertising equipment and devices, which are used to attract visitors to the own booth through sounds, noises or visual effects.
- 12.3 Issued permissions can be restricted or revoked, in the interests of maintaining orderly and smooth fair/exhibition conditions.
- 12.4 If exhibitors want to play music, it is their responsibility to check and get the required licenses, and pay for the corresponding fees.
- 12.5 Any kind of political advertisement is prohibited.

13. Sales regulations

- 13.1 Open selling of products to visitors of E BIKE DAYS Munich powered by Burgenland is allowed upon agreement with the organizer. Further permissions require previous accords.
- 13.2 The exhibitor may not prepare any drinks, food or groceries on his exhibition space, unless he is expressly authorized as caterer, and may not offer them free of charge or against payment.

14. Exhibitor passes

- 14.1 For the duration of the fair, all exhibitors and the staff employed receive a specific number of exhibitors passes for themselves and the persons they employ. The exhibitor passes are personalized, and identify each person to the corresponding exhibitor team. The number of passes depends on the booked booth area.
- 14.2 The exhibitor passes are just for staff working directly at the booth, and can be booked in advanced from the organizer. The passes cannot be given on to third parties. In case of abuse, the organizer withdraws the exhibition passes.

15. Surveillance

- 15.1 The general surveillance of the exhibition area is carried out by an authorized specific surveillance company. No liability for damage or loss of exhibited items is taken. In general, it is the responsibility of every exhibitor to ensure safeguard and apply prevention measures against theft of their own goods and products.
- 15.2 Every exhibitor is responsible for their own booth custody and surveillance during daily opening hours of the fair, setup and dismantling time. During the night, valuable and easy to remove objects must be locked up.
- 15.3 The organizer can provide additional individual booth surveillance by the authorized surveillance company. The costs of this service are charged to the exhibitor. The cost is 600 € per night.

16. Cleaning / Environment protection

- 16.1 The organizer takes care of the general cleaning of the exhibition area. Waste bins and containers are available for waste separation.
- 16.2 Each exhibitor is responsible for cleaning their own booth and area. Cleaning needs to be done on daily basis, before the fair opens.
- 16.3 The exhibitor is obligated to act in the best interest of environment protection and environmentally friendly exhibitions, and thus limit packaging and waste disposal, and use recyclable packaging, decorations and flyer material. If separate waste disposal systems are used, the exhibitor must participate in them and also bear any waste disposal costs that may arise as a result on a pro rata basis in accordance with the polluter-pays principle.

17. Newsletter

17.1 The exhibitors are informed with a newsletter by email about preparation and implementation of the fair.

18. Photo, film and video shooting

18.1 The organizer is authorized to take photos, pictures, film and video recordings of the fair, the exhibition area, booths and products, and use these for advertisement purposes or press releases. The exhibitor cannot express objection. This also applies for photographs and video recordings taken by press and television services, which have been authorized by the organizer.

18.2 Professional pictures and recording of the own booth during the fair require permission by the organizer. The permit includes access to the event site for the photo or film team outside opening hours. If films and shots are done during night hours, an additional guard needs to be present. The costs for the guard are carried by the exhibitor. During opening hours, valid tickets are also required for exhibitors in order to gain access to the event site.

19. Intellectual property rights

19.1 It is the exhibitor's responsibility to obtain and assure copyright, or any other intellectual property rights of the exhibited products.

20. House regulations

20.1 During the whole duration of the fair and on the whole exhibition area, the exhibitor needs to follow the house and usage regulations of the organizer. Likewise, instructions of staff employed by the organizer, who can be identified by their service card, must be followed. Exhibitors and their staff are only allowed to enter or stay in the exhibition area, one hour before and after the official opening hours. Furthermore, they are not allowed to enter and check out other booths, if not permitted by the booth owner.

21. Special arrangements in case of a pandemic, in particular COVID-19

21.1 The organizer assumes that future pandemics will have a significant influence on any official event bans and/or the scope of the protection and hygiene requirements to be complied with. The organizer and exhibitor shall jointly ensure, within the limits of their responsibilities, that the protection and hygiene measures in force at the time of the event and necessary as well as prescribed for the implementation of the planned event are fully implemented.

21.2 Necessary protective and hygienic measures in the territory of the exhibitor's stand, which are or could be required, may cause additional expenses and costs for the exhibitor. The costs are to be borne by the exhibitor (such as disinfectants for rental equipment or stands, covers, plexiglass panes, or similar).

22. Official directives

22.1 All structures on the exhibition area needs to be set up in accordance with the material building regulations. The organizer must authorize structural installations, which require a built-up area of more than 50m² or a height of 5 m (pavilions, tent structures, cranes, installations etc.). Construction plans, statistical computations and test books have to be handed in to the organization committee of E BIKE DAYS Munich powered by Burgenland at the latest 8 weeks before the setup begins.

22.2 All structures, installations, equipment, objects and products have to meet public-law security and safety measures valid in Federal Republic of Germany, and security measures imposed by the Technical Inspection Agencies (TÜV).

23. Alterations

23.1 The organizer reserves the right to make any changes and additions in matters affecting technical arrangements and safety.

24. General Conditions, Legal Venue, German Law

24.1 Should a clause of these terms and conditions be invalid or incomplete, the validity of the other clauses and the contract remains unaffected. The same principle is applied to contract gaps. The contracting parties are responsible for substituting the invalid part with a new regulation, with which the contracting parties are most likely to achieve the economic purpose they pursue.

24.2 Place of fulfilment of the contract is Munich. As far as legally allowed, Munich (city) is legal venue. German law is exclusively applied.

Status: 07/2025
